Rombouts Coffee & More for Your Business

Rombouts is a family owned and run coffee roaster. Founded in Antwerp in 1896, we source, roast and supply premium quality coffees to businesses throughout the UK and have done for over 50 years.

Hotels, Restaurants, Caterers & Pubs

We offer a true 'One Stop' solution to the UK HORECA sector for all your coffee and hot beverage needs. From espresso to bulk brew – bedroom to banqueting, we take care of everything, leaving you to focus on your core business.

Cafés & Coffee Shops

Having supplied delicious coffee, expert training and impeccable service to cafés and coffee shops for over half a century, we know how important a great coffee offer is to your customers. We work in partnership with you, offering advice, training and service.

Convenience Stores, Offices & Hair Salons

For great coffee to keep your staff and clients happy we have solutions for all shapes and sizes of businesses; from simple pod systems through to fully automatic 'Bean to Cup' coffee systems.

Equipment, Training, Service & Support

Equipment to suit your needs

Rombouts is first and foremost a coffee roaster, and as such, we are not tied to a particular equipment supplier. We work with various machine manufacturers offering you access to the best coffee equipment to suit your business's needs.

Coffee Training

Rombouts know that a barista can make or break a cup of coffee and any inconsistencies greatly impact the overall quality of your proposition. We offer a range of coffee courses to help you make and serve a fantastic cup of coffee, time and time again.

Service & Maintenance

We have various service and maintenance options aimed at removing some of the uncertainties from owning your coffee equipment. From complete seven days a week service and breakdown packages through to simple 'Pay As You Go' options.

Promotional Support

We provide a full range of promotional point of sale items to help support your coffee offer. From branded coffee stations and pavement signs to Rombouts crockery and promotional table talkers, we have various options to suit all businesses, and if we don't, we can create something bespoke for you.
