Green Gunpowder

Green Gunpowder

Enjoy this rich green tea from China with a fresh aroma and a golden liquor. Gunpowder is naturally sweet and can be enjoyed throughout the day.

Ref. 202067

Gunpowder is a green tea from Zhejiang province. The Chinese have given it the poetic name "tea pearls". Its cultivation and production are based on centuries of evolved know-how.

With Gunpowder, Rombouts pays tribute to a natural green tea of top quality. Its preparation is an integral part of the tasting ritual. As they are dipped into the teapot, the carefully rolled into tiny pearls rolled leaves unfurl with a characteristic crackling sound and announce an explosion of aromas and flavours.

Gunpowder green tea from our Majes-tT tea range is Fairtrade certified. It is also grown according to the principles of organic farming, thus carrying organic certification.

Ingredients: 100% Organic & Fairtrade Green Tea
